

**Annexure BB - Threshold Conditions for SUBSTATION
CONTROL AND PROTECTION SYSTEM (SCPS)
STR-1858**

A. Participation in the tender proceedings is conditioned upon meeting or exceeding the below stated threshold conditions:

1. The Bidder of the offered equipment in this tender is requested to fulfill the following:
 - 1.1. Shall be the System Integrator of the SCPS in this tender and shall be an affiliated company of the manufacturer of the proposed protection relays or of the manufacturer of the proposed Scada software, specified in Annexures B and C.
 - 1.2. reserved.
 - 1.3. Each of the manufacturers of the Scada / Protection Relays/ Controllers (if different entities) shall sign the below attached declaration (no. 1) attesting his commitment to all the Bidders obligations to IEC (relating to warranty, support, etc.).
2. **Experience:**
 - 2.1. The Bidder, together with the Manufacturer of the offered Scada software and/or the protection relays shall demonstrate an accumulated experience in supply of equipment similar* to those required in the tender, as detailed below:
 - a. At least 60 systems in total similar* to those required in this tender, during the period between 2020 – 2024 or 2021-2025 but not less than 10 systems in each calendar year.
 - b. Of the systems presented to comply with the condition in cl. a. above, at least five (5) systems were deployed in OECD member country/ies and were in continuous operational use for a minimum period of twelve (12) months.

For sub-clauses a. and b. above, "similar" is defined as: Substation Control and Protection system (SCPS) for medium and / or high voltage and/or EHV switchgears).

For the purposes of the above threshold conditions:

“affiliated company” means a legal entity which is held by the Manufacturer or has holdings in the Manufacturer or is held by a legal entity which has holdings in the Manufacturer, where holdings for this purpose is holdings in shares directly or indirectly, in whole or in part.

2.2. In order to prove compliance with a.m. conditions, the bidder (who may rely on the Manufacturer's experience or “affiliated company/ies” of the Manufacturer's experience) is required to submit the following table, **duly filled in and signed by a qualified officer on behalf of the manufacturer.**

2.3. Reserved-

2.4. Experience with substation control and protection system

No.	System Description	Quantity	Rated Voltage [kV]	Purchaser Name & Address	Supply Date	Contact Details (Phone No. & Email Address)

3. Undertaking regarding personnel

- 3.1 During the entire contract period and until the end of the warranty period, the Manufacturer(s) shall appoint at least one (1) English or Hebrew speaker engineer on each of the following themes: design, supervising, operation, maintenance and after sale services.
- 3.2 In order to demonstrate compliance with the threshold requirement in Section 3.1 above, the Bidder is required to submit declaration No. 2 in this document, duly filled in and signed by the Bidder and the Manufacturer.

4. Quality Management System (QMS):

The Bidder will submit a certificate attesting the compliance of the manufacturer/s (of the offered equipment) with the requirements of the international standard ISO 9001 valid for the scope of supply required in the Specification.

The certificate must bear the symbol (logo), the name of the certifying body, and the name of the accreditation body and its symbol (logo).

The date of validity of the certificate and the edition of the ISO 9001 standard shall be valid on the last date set for submission of proposals in the tender.

The certifying body must be accredited by an accreditation body, that is a member of International Accreditation Forum Multilateral Arrangement – IAF MLA.

B. Additional preliminary/threshold conditions

- i. Compliance with all registration and licensing requirements by applicable law relevant to the Tender issue.
- ii. Only an Offeror who is an Israeli resident (in accordance with the term's definition in the Income Tax Ordinance (New Version)) is required to fulfill the following conditions:

☒ The Offeror shall possess all the approvals required by the Public Bodies Transactions Law – 1976, and shall sign and submit a declaration according to the Foreign Employees Law, 1991 and the Minimum Wage Law – 1987 (as detailed in the attachment and in the invitation document). Such approvals (which are not declarations) shall be submitted to the IECo by Offeror, in case IECo shall request it.

☒ In addition, the Offeror shall sign and submit a declaration according to the Public Bodies Transactions Law – 1976, in regards of fulfillment of article 9 to the Equality of Rights for People With Disabilities Law, 1998 (as detailed in the attachment and in the invitation document). Submission by the Offeror of such declaration, is a condition for any engagement between IECo and the Offeror.

TO: THE ISRAEL ELECTRIC CORPORATION LIMITED (IECo.)

SUBJECT: DECLARATION № 1 FOR MANUFACTURER'S COMMITMENTS

1. We (The Manufacturer of the offered Scada / Protection relays/ Controllers equipment) *[mark whichever valid]*, _____, (registration №.) _____, present this letter of undertaking as part of the proposal of ("the bidder") _____ in Tender №. _____

The manufacturing of the offered Scada / Protection relays/ Controllers *[mark whichever valid]* is being manufactured in COUNTRY AND ADDRESS

2. We undertake all obligations specified in the Tender Documents insofar as they relate exclusively to the Equipment manufactured by us. These undertakings shall not extend to obligations relating to the integration, engineering or overall performance of the SCPS system.
3. We undertake to provide Israel Electric Corporation (IECo.) and the bidder with all required technical support, software updates, maintenance, spare parts and product-related services necessary for the proper operation of the Equipment/Software manufactured by us throughout the Contract and Warranty Period).
